PRESS RELEASE FOR IMMEDIATE RELEASE: 02/01/2009

Spartan Duplicator first to launch 8X SATA-based Blu-ray Disc duplicators

Spartan Duplicator again leads the pack as the first to introduce SATA-interface Blu-ray Disc duplicators at 8X speed up to 15 targets.

City of Industry, CA, February 1, 2009 – Spartan Duplicator (www.spartan-duplicator.com) today launches industry-fastest 8X multi-target Blu-ray Disc duplicators based on advanced Serial ATA (SATA) interface. SATA technology offers faster transfer speed, breakage and interference-resistant cables and enhanced error checking for improved data reliability over IDE.

Media duplicators offer individual or business an easy and reliable platform to deliver time-sensitive contents to the market quickly and cost-effectively. Spartan duplicators operate without PC and software eliminating many potential compatibility issues and free up valuable resources for other important tasks.

“Blu-ray Disc is now the standard format for high-definition video for many years to come. Today a double-layered Blu-ray Disc has 10 times more storage capacity than a standard DVD.” says Cedric Tan, Vice President of Sales and Marketing. “Blu-ray Disc is not just for movies in High Definition, it is also an ideal for data storage and content delivery. Spartan Blu-ray Disc duplicators enable our customers to take full advantage of the massive storage capacity of Blu-ray Disc. Spartan Duplicator is the first to offer up to 15-target SATA Blu-ray Disc duplicators with the fastest 8X Pioneer Blu-ray drives.”

Potential markets for the media duplicators include: entertainment, government, education, sales and marketing, photo and video, SMB and leisure. Spartan Blu-ray Disc duplicators are available from 1 to 15-target in multi-bay configurations and select rackmount configurations. For more information, please visit our website, www.spartan-duplicator.com.

About Spartan Duplicators

Spartan Duplicator pioneers in dedicated media duplicators since 1995. All Spartan duplicators have an 1-year limited bumper-to-bumper warranty and are tested with media before shipping. Spartan Duplicator is headquartered in City of Industry, California.
